Uhhh. Uhhhhhhhhmmmmmm. In my defense I've been dead for a long time. Especially recently.

This is a writeup for both speedlangs 12 and 15. I think I entirely forgot about the former. And I've been procrastinating on the latter.

## 0.1 Speedlang 12

There were seven (7) submissions for speedlang 12. I have it in my notes to publicly shame Akam and Fimi for submitting late but at this point I'm not sure if I have any room to talk.

The submissions:

- [Ngmaḅ](#) by Akam Chinjir. Good splang. I like the classifiers. Very cute.
- [Atoko](#) by Sepete. Tone system and retroflex harmony are yummy.
- [Toalla](#) by me. Perfection.
- [Qanen](#) by PastTheStarryVoids. A bit sparse but fulfills constraints (presumably).
- [Sachoan](#) by Henry Wong. Also a bit sparse but I like the verb template and the shaman register.
- [Sbidilihng](#) by EisVisage. Rather scant, probably fulfills constraints. Seafaring register is good but sharks are cooler.
- [Njbêê<sup>3</sup>](#) by Fimi. Presentation and worldbuilding very good, as is the phonology. Favorite section is sentence-final particles.

## 0.2 Speedlang 15

There were ten (10) submissions for speedlang 15. I think. Probably.

The submissions:

- [Biew Chrah](#) by Akam Chinjir. I'm not reading 102 pages right now. But it's probably good as long as Akam isn't abusing good rapport with the speedlang gods.
- [Kanguçwan](#) by Lichen. Yummy verbs. Realis and irrealis moods is my favorite section.
- [Marl Xra](#) by Augigogigi. The noun classes are exceedingly cute. Otherwise rather sparse.
- [Nguwóy](#) by Lysimachiakis. Also yummy verbs. The noun class flowchart is fun.
- [Panyacil](#) by Henry Wong. The informants sound very helpful o7. Ergative-genitive is a good case, one of the best.
- [Ruthannin](#) by Traather. Somewhat scant but has potential.
- [Abe](#) by UnfriendlyTeapot. The noun classes are cool.
- [Nloumidna](#) by azpineapple. Noun class/case asymmetry is very good.
- [Niruðku](#) by Floof. It's okay.

- [Untitled](#) by Cobyob. The noun classes are very tasty.

The astute reader may notice a distinct lack of a certain individual from the above list. In my defense, I died at a very inopportune time.
